PEACE

Dear Leaders and the People of Israel,

As a friend of peace, justice, and humanity, and as a friend of Israel and Palestinians, I am writing this open letter to you with the hope of bringing an end to the 70 years of civil war, bloodshed and chaos in the beautiful land of Israel and Palestine.

We all know that the root cause of this unfortunate chaos is the unsettled issue of the Palestinians in Gaza Strip and the West Bank, which has led to the 70 years of virulent anti-Israeli, anti-American and pro-Palestinian sentiment among Arab and Muslim communities in the Arab Streets and much of the world.

As an Iranian secular democrat and a pro-democracy movement leader, I can assure you that the so-called Islamic Revolution of 1979 in Iran, which

promised independence and freedom, brought neither and even took away the very little independence and freedom we had under the previous authoritarian monarchy. The extremists, fanatics, and fundamentally corrupt Mullahs who launched the so-called *Islamic*-revolution not only have not been able to bring peace, freedom and prosperity to the people in Iran, they have not been able to bring peace, freedom, independence to the Palestinians in Gaza and the West Bank, Palestinian diaspora in Lebanon, Jordan, Egypt, and other Palestinians around the world either. Instead, they have turned some of the Palestinians into more radical, suicidal, and fanatic terrorists against the Jewish and the American states and people.

The reality is that the corrupt and conniving Mullahs in Iran are merely using pro-Palestinian slogans to rally sympathy in the Arab streets and utilize the bottled up anger in the heart of the young millions as a tool for remaining in power and continue looting, raping, and repressing the nation of Iran.

By threatening to attack Iran, Israeli leaders are only giving more fuels to the Mullahs and helping their popularity in the Arab streets and by default increasing the anti-Israeli and anti-American sentiment.

Is it not time, to remove the cause and source of this 70 years of chaos and bloodshed, which is the unsettled issue of the Palestinians in Gaza Strip and the West Bank and permanently defeat the anti-Israeli and anti-American evil forces in Iran? You may ask 'How'. Well, here is my humble proposal: Israel with the American support, should mobilize its formidable economic, technological, and military powers and launch a Palestine Marshal Plan in the beautiful land of Israel and Palestine.

Just as Americans did in Germany, Israel should invade the already invaded Palestine, and launch a Palestine Marshal Plan, and develop that tiny strip of Gaza and the little West Bank, into beautiful cities, factories, companies,

schools, universities, movies, communications, institutions and warmly invite the open minded Palestinian thinkers, writers, scientists, scholars and leaders to join forces with the Israelis to build a new, modern, prosperous and free communities for both Israelis and Palestinians, with goodwill for all and malice for none, and then see how the Palestinian people will love you for it and by doing so, the conniving, criminal and corrupt Mullahs in Iran will no longer have any fuel for the fires of their sick and evil, anti-Jewish, anti-Israeli and anti-American slogans in Iran and in the Arab Streets. That will be the end of daily fuel for the criminal, corrupt, and conniving Mullahs in Iran, in Lebanon's Hezbollah enclave, and the rest of the Arab world. Israel and the United States of America will become the darling of the Arab World and they will not be fallen victim into the traps of Chinese, Russians or other deep states and global mafia who only benefits from the conflicts in the region.

In my humble opinion, the Palestine Marshal Plan by Israel and the U.S., is the true 'final solution' to end the 70 years of horrible, heart-wrenching, bloody, dehumanizing, and utterly self-destructive chaos on the beautiful lands of Israel and Palestine.

As the Chairman of the Iranian Freedom Party with 20 million followers and the next government of the Republic of Iran, after regime change, you have our whole-hearted support for this final solution called PALESTINE MARSHAL PLAN.

Sincerely,
